

ROUND WIRE CABLE CLIPS

These are strong, versatile hangers for supporting pipe or cables from messenger wire, wire mesh or other structure. Made from .156 high carbon spring steel wire with 5/8" diameter top ears. CAB 961 is an extra long style for running multiple cables.

CAB 314

3-5/8" dia., 6-1/2" long, 100/Box, 13 lbs.

CAB 315

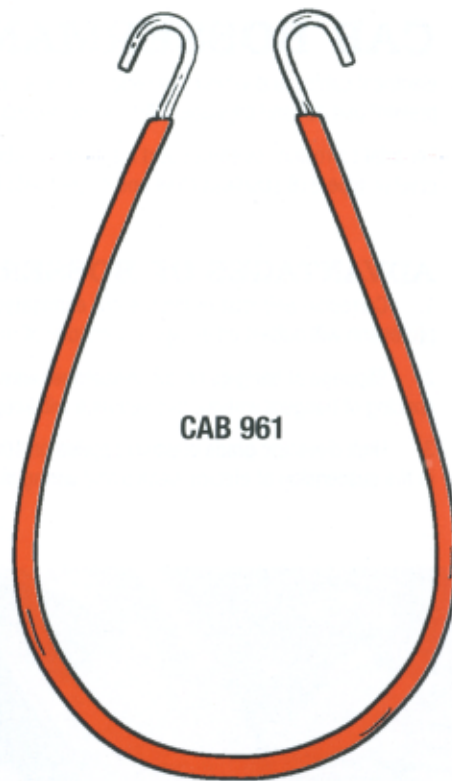

4-1/2" dia., 7-3/8" long, 50/Box, 11 lbs.

CAB 961

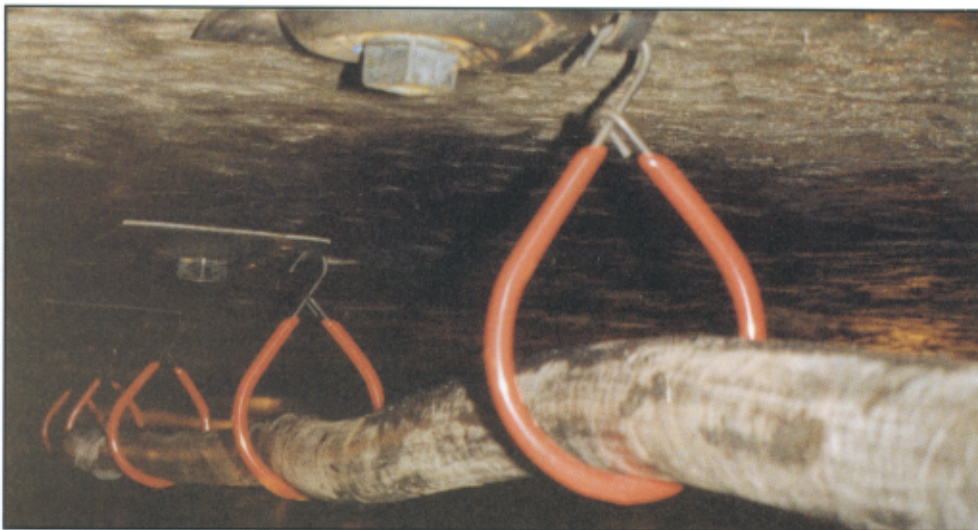

6" dia., 11" long, 50/Box, 13 lbs.

CAB 3704

CAB LATCHBACKS are high quality hangers designed for supporting hose, pipe and cable from roof bolt plates, spads, wire mesh or structure. Manufactured from high tensile spring steel for maximum strength with a 5/8" diameter top installation loop. Also available in longer lengths for high roof conditions. CAB 321 same as 320 but top loop is offset 90° to carrier section.

CAB 320 3-5/8" dia., .156 wire, 7" long, 100/Box, 15 lbs.

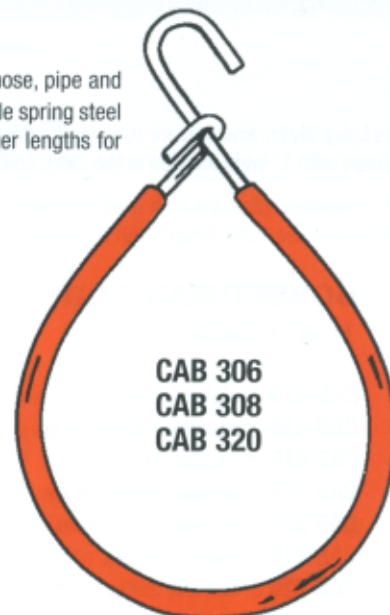

CAB 321 3-5/8" dia., .156 wire, 7" long, 90° offset loop, 50/Box, 9 lbs.

CAB 306 4-1/2" dia., .187 wire, 8" long, 50/Box, 12 lbs.

CAB 308 4-1/2" dia., .156 wire, 8" long, 50/Box, 9 lbs.

CAB SUPER LATCHBACKS are made from .187 high tensile spring steel and feature a large capacity 4-1/2" diameter carrier. For easier installation hanger has an extra large 1-3/8" diameter 90° offset top installation loop.

CAB 3704 4-1/2" dia., .187 wire, 9-1/2" long, 50/Box, 13 lbs.
